5	Beech Grove	.00845
6	Southport	.00025
7	Speedway	.00722
8	Indianapolis/Marion County	.86409

26	(3) For each year after 1995, calculate the total amount of	
27	revenues that are to be distributed as distributive shares during	
28	that month as follows:	
29	STEP ONE: Determine the total amount of revenues that were	
30	distributed as distributive shares during that month in calendar	
31	year 1995.	
32	STEP TWO: Determine the total amount of revenue that the	
33	department has certified as distributive shares for that month	
34	under section 17 of this chapter for the calendar year.	
35	STEP THREE: Subtract the STEP ONE result from the STEP	
36	TWO result.	
37	STEP FOUR: If the STEP THREE result is less than or equal	
38	to zero (0), multiply the STEP TWO result by the ratio	
39	established under subdivision (1).	
40	STEP FIVE: Determine the ratio of:	
41	(A) the maximum permissible property tax levy under	
42	IC 6-1.1-18.5 and IC 6-1.1-18.6 for each civil taxing unit for

STEP SEVEN: For each taxing unit determine the STEP FIVE ratio multiplied by the STEP TWO amount.

STEP EIGHT: For each civil taxing unit determine the difference between the STEP SEVEN amount minus the product of the STEP ONE amount multiplied by the ratio established under subdivision (1). The STEP THREE excess shall be distributed as provided in STEP NINE only to the civil taxing units that have a STEP EIGHT difference greater than or equal to zero (0).

STEP NINE: For the civil taxing units qualifying for a distribution under STEP EIGHT, each civil taxing unit's share equals the STEP THREE excess multiplied by the ratio of:

(A) the maximum permissible property tax levy under IC 6-1.1-18.5 and IC 6-1.1-18.6 for the qualifying civil taxing unit during the calendar year in which the month falls, plus, for a county, an amount equal to the property taxes imposed by the county in 1999 for the county's welfare fund and welfare administration fund; divided by

owners whose properties are enclosed or separated by the fences proportionately according to the number of rods or proportion of the fence the property owner owns along the line of the fence, whether the property owner's title is a fee simple or a life estate.

(b) If a property owner fails or refuses to compensate for building, rebuilding, or repairing the property owner's portion of a partition fence, another property owner who is interested in the fence, after having built, rebuilt, or repaired the property owner's portion of the fence, shall give to the defaulting property owner or the defaulting property owner's agent or tenant twenty (20) days notice to build, rebuild, or repair the defaulting property owner's portion of the fence. If the defaulting property owner or the defaulting property owner's agent or tenant fails to build, rebuild, or repair the fence within twenty (20) days, the complaining property owner shall notify the township trustee of the township in which the properties are located of the default.

(c) This subsection applies if the fence sought to be established, rebuilt, or repaired is on a township line. Unless disqualified under subsection (h), the complaining property owner shall notify the trustee of the township in which the property of the complaining property owner is located of the default under subsection (b), and the trustee has jurisdiction in the matter.

(d) The township trustee who receives a complaint under this section shall:

- (1) estimate the costs for building, rebuilding, or repairing the partition fence; and
- (2) within a reasonable time after receiving the complaint, make out a statement and notify the defaulting property owner of the probable cost of building, rebuilding, or repairing the fence.

If twenty (20) days after receiving a notice under this subsection the defaulting property owner has not built, rebuilt, or repaired the fence, the trustee shall build or repair the fence. The trustee may use only the materials for the fences that are most commonly used by the farmers of the community.

(e) If the trustee ~~of a township~~ is disqualified to act under subsection (h), the trustee of an adjoining township who resides nearest to where the fence is located shall act on the complaint upon receiving a notice by a property owner who is interested in the fence.

(f) A lawful partition fence is any one (1) of the following that is sufficiently tight and strong to hold cattle, hogs, horses, mules, and sheep:

- (2) A straight rail fence four and one-half (4 1/2) feet high.
- (3) A worm rail fence five (5) feet high.

(g) This subsection applies if a ditch or creek crosses the division line between two (2) property owners, causing additional expense in the

1 maintenance of the part over the stream. If the property owners cannot  
 2 agree upon the proportionate share of each property owner, the  
 3 township trustee shall appoint three (3) disinterested citizens who shall  
 4 apportion the partition fence to be built by each property owner.

5 (h) If a township trustee is:

 14 under this chapter cannot be built and maintained on the dividing line.  
 15 The partition fences shall be built and maintained under this chapter as  
 16 near to the boundary line as is practical, and each property owner shall  
 17 build a separate partition fence on the property owner's property and  
 18 maintain the fence at the property owner's cost.

19 (j) This subsection applies where a partition fence required under  
 20 this chapter crosses a ditch or creek and it is impracticable to construct  
 21 or maintain that portion of the fence that crosses the ditch or creek as  
 22 a stationary fence. Instead of the portion of the fence that would cross  
 23 the ditch or creek, there shall be constructed, as a part of the partition  
 24 fence, floodgates or other similar structures that are sufficiently high,  
 25 tight, and strong to turn hogs, sheep, cattle, mules, and horses or other  
 26 domestic animals. The floodgates or other similar structures shall be  
 27 constructed to swing up in times of high water and to connect  
 28 continuously with the partition fences.

29 (k) This subsection applies if the building and maintenance of the  
 30 floodgates or other similar structure required under subsection (j)  
 31 causes additional expenses and the property owners cannot agree upon  
 32 the character of floodgates or other similar structure, or upon the  
 33 proportionate share of the cost to be borne by each property owner. The  
 34 township trustee, upon notice in writing from either property owner of  
 35 a disagreement and the nature of the disagreement, shall appoint three  
 36 (3) disinterested citizens of the township who shall determine the kind  
 37 of structure and apportion the cost of the floodgate or other structure  
 38 between the property owners, taking into consideration the parts of the  
 39 fence being maintained by each property owner.

40 (l) The determination of a majority of the arbitrators of any matter  
 41 or matters submitted to them under this section is final and binding on  
 42 each property owner. The compensation of the arbitrators is two dollars  
 43 (\$2) each, which shall be paid by the property owners in the proportion  
 44 each property owner is ordered to bear the expense of a gate or  
 45 structure.

46 (m) This subsection applies if either or both of the property owners  
 47 fail to construct or compensate for constructing the structure determined

upon by the arbitrators in the proportion determined within thirty (30) days after the determination. The township trustee shall proceed at once to construct the gate or structure and collect the cost of the gate or structure, including the compensation of the arbitrators, from the defaulting property owner in the same manner as is provided for ordinary partition fences. The floodgate or other structure shall be repaired, rebuilt, or replaced according to the determination of the arbitrators.

24 emergency exists, it may issue a special order, entered and signed  
25 on the record, authorizing the executive to borrow a specified  
26 amount of money sufficient to meet the emergency. At the  
27 legislative body's next annual session, the legislative body shall

17 Sec. 16. (a) If the legislative body finds that an emergency  
18 requires the borrowing of money to meet the current expenses of  
19 the township district, the legislative body may take out temporary  
20 loans in an amount not more than fifty percent (50%) of the total  
21 anticipated revenue for the remainder of the year in which the  
22 loans are taken out.

30 based and out of which they are payable; and
- 31 (6) appropriating a sufficient amount of the anticipated  
32 revenues on which the loans are based and out of which they  
33 are payable for the payment of the loans.

22 Contributions through an appropriation are not required for plans  
 23 established or modifications adopted after June 30, 1989, unless the  
 24 establishment or modification is approved by the county fiscal body.

25 (d) ~~For a county not having a consolidated city, The monthly~~  
 26 ~~deductions from an employee beneficiary's wages for the trust fund may~~  
 27 ~~not exceed six percent (6%) of the employee beneficiary's average~~  
 28 ~~monthly wages. For a county having a consolidated city, the monthly~~  
 29 ~~deductions from an employee beneficiary's wages for the trust fund may~~  
 30 ~~not exceed seven percent (7%) of the employee beneficiary's average~~  
 31 ~~monthly wages.~~

32 (e) The minimum annual contribution by the department must be  
 33 sufficient, as determined by the pension engineers, to prevent  
 34 deterioration in the actuarial status of the trust fund during that year. If  
 35 the department fails to make minimum contributions for three (3)  
 36 successive years, the pension trust terminates and the trust fund shall be  
 37 liquidated.

38 (f) If during liquidation all expenses of the pension trust are paid,  
 39 adequate provision must be made for continuing pension payments to  
 40 retired persons. Each employee beneficiary is entitled to receive the net  
 41 amount paid into the trust fund from the employee beneficiary's wages,  
 42 and any remaining sum shall be equitably divided among employee  
 43 beneficiaries in proportion to the net amount paid from their wages into  
 44 the trust fund.

45 (g) If a person ceases to be an employee beneficiary because of  
 46 death, disability, unemployment, retirement, or other reason, the person,  
 47 the person's beneficiary, or the person's estate is entitled to receive at

1 least the net amount paid into the trust fund from the person's wages,  
2 either in a lump sum or monthly installments not less than the person's  
3 pension amount.

4 (h) If an employee beneficiary is retired for old age, the employee  
5 beneficiary is entitled to receive a monthly income in the proper  
6 amount of the employee beneficiary's pension during the employee  
7 beneficiary's lifetime.

8 (i) To be entitled to the full amount of the employee beneficiary's  
9 pension classification, an employee beneficiary must have contributed  
10 at least twenty (20) years of service to the department before retirement.  
11 Otherwise, the employee beneficiary is entitled to receive a pension  
12 proportional to the length of the employee beneficiary's service.

13 (j) This subsection does not apply to a county that adopts an  
14 ordinance under section 12.1 of this chapter. For an employee  
15 beneficiary who retires before January 1, 1985, a monthly pension may  
16 not exceed by more than twenty dollars (\$20) one-half (1/2) the amount  
17 of the average monthly wage received during the highest paid five (5)  
18 years before retirement. However, in counties where the fiscal body  
19 approves the increases, the maximum monthly pension for an employee  
20 beneficiary who retires after December 31, 1984, may be increased by  
21 no more or no less than two percent (2%) of that average monthly wage  
22 for each year of service over twenty (20) years to a maximum of  
23 seventy-four percent (74%) of that average monthly wage plus twenty  
24 dollars (\$20). For the purposes of determining the amount of an  
25 increase in the maximum monthly pension approved by the fiscal body  
26 for an employee beneficiary who retires after December 31, 1984, the  
27 fiscal body may determine that the employee beneficiary's years of  
28 service include the years of service with the sheriff's department that  
29 occurred before the effective date of the pension trust. For an employee  
30 beneficiary who retires after June 30, 1996, the average monthly wage  
31 used to determine the employee beneficiary's pension benefits may not  
32 exceed the monthly minimum salary that a full-time prosecuting  
33 attorney was entitled to be paid by the state at the time the employee  
34 beneficiary retires.

35 (k) The trust fund may not be commingled with other funds, except  
36 as provided in this chapter, and may be invested only in accordance  
37 with statutes for investment of trust funds, including other investments  
38 that are specifically designated in the trust agreement.

39 (l) The trustee receives and holds as trustee all money paid to it as  
40 trustee by the department, the employee beneficiaries, or by other  
41 persons for the uses stated in the trust agreement.

42 (m) The trustee shall engage pension engineers to supervise and  
43 assist in the technical operation of the pension trust in order that there  
44 is no deterioration in the actuarial status of the plan.

45 (n) Within ninety (90) days after the close of each fiscal year the  
46 trustee, with the aid of the pension engineers, shall prepare and file an  
47 annual report with the department and the state insurance department.

- 1 The report must include the following:
- 2 (1) Schedule 1. Receipts and disbursements.
- 3 (2) Schedule 2. Assets of the pension trust listing investments by
- 4 book value and current market value as of the end of the fiscal
- 5 year.
- 6 (3) Schedule 3. List of terminations, showing the cause and
- 7 amount of refund.
- 8 (4) Schedule 4. The application of actuarially computed "reserve
- 9 factors" to the payroll data properly classified for the purpose of
- 10 computing the reserve liability of the trust fund as of the end of
- 11 the fiscal year.
- 12 (5) Schedule 5. The application of actuarially computed "current
- 13 liability factors" to the payroll data properly classified for the
- 14 purpose of computing the liability of the trust fund as of the end
- 15 of the fiscal year.
- 16 (o) No part of the corpus or income of the trust fund may be used or
- 17 diverted to any purpose other than the exclusive benefit of the members
- 18 and the beneficiaries of the members.

37 the merit board and merit system of the police department of the

44 transferred to and assumed by the consolidated city.

45 (g) After the effective date of the consolidation described in  
46 subsection (b), the employees of the police department of the

42 Sec. 25. (a) The sheriff may appoint a prison matron for the  
43 county. The sheriff sets the qualifications for the position. Except  
44 as provided in subsection (b), the sheriff has complete hiring  
45 authority over the position of prison matron.

46 (b) A person who is a member of the metropolitan law

1 enforcement agency immediately before being appointed as prison  
 2 matron is entitled to the discipline and removal procedures under  
 3 section 34 of this chapter before:

- 4 (1) being reduced in grade to a rank below the rank that the
- 5 person held before being appointed as prison matron; or
- 6 (2) removal from the department.

7 (c) The sheriff may employ assistant prison matrons, if  
 8 necessary.

9 (d) The prison matron and the assistant prison matrons, if any,  
 10 receive, search, and care for all:

- 12 (2) boys less than fourteen (14) years of age;

13 who are committed to or detained in the county jail, municipal  
 14 lockup, or other detention center in the county.

15 (e) The prison matron and assistant matrons:

- 16 (1) are members of the department;
- 17 (2) have the powers and duties of members of the department;

30 Sec. 27. (a) A sheriff may appoint additional deputy sheriffs or  
 31 assistants if an emergency arises that requires them for:

- 32 (1) promoting public safety and conserving the peace;
- 33 (2) repressing, preventing, and detecting crime; and
- 34 (3) apprehending criminals.

35 (b) The mayor shall determine the number and salaries of  
 36 deputy sheriffs or assistants to be appointed in an emergency. The  
 37 mayor shall provide compensation and necessary expenses for  
 38 deputy sheriffs or assistants from the general fund of the county  
 39 without a specific appropriation. Expenses shall be paid after the  
 40 appointed persons file sworn vouchers with the mayor detailing  
 41 their expenses.

42 (c) The deputies or assistants have the same powers that sheriffs  
 43 have under statute.

44 (d) When the emergency ends, the mayor may reduce the  
 45 number of deputy sheriffs or assistants to the number that the  
 46 circumstances require for the public welfare.

1        **Sec. 28. (a)** If a person who is a member of the metropolitan law  
 2 enforcement agency becomes sheriff, either by election or by  
 3 appointment, upon the expiration of the person's term as sheriff  
 4 and upon the person's written application, the board shall appoint  
 5 the person to the rank in the agency that the person held at the  
 6 time of the person's election or appointment as sheriff, if there is a  
 7 vacancy in the agency.

8        (b) If the person, during the person's tenure as sheriff, has  
 9 qualified, in accordance with the promotion procedure prescribed  
 10 by the board in its rules, for a rank in the agency that is higher  
 11 than the rank the person held before election or appointment as  
 12 sheriff, the board shall, upon the expiration of the person's term as  
 13 sheriff, appoint the person to the rank for which the person has  
 14 qualified under the promotion procedure, if there is a vacancy in  
 15 that rank.

16        **Sec. 29. (a)** Subject to the approval of the commission, the sheriff  
 17 shall appoint the chief of the metropolitan law enforcement agency  
 18 who serves at the pleasure of the sheriff.

19        (b) To qualify for appointment, the chief must meet the  
 20 requirements under IC 36-8-4-6.5.

21        (c) If a person was a member of the metropolitan law  
 22 enforcement agency before the person's appointment as the chief  
 23 of the metropolitan law enforcement agency, upon the expiration  
 24 of the person's term as chief and the person's written application,  
 25 the board shall appoint the person to the rank in the agency that  
 26 the person held at the time of the person's appointment as chief, if  
 27 there is a vacancy in the agency.

28        (d) If the person, during the person's tenure as chief, has  
 29 qualified, in accordance with the promotion procedure prescribed  
 30 by the board in its rules, for a rank in the agency that is higher  
 31 than the rank the person held before the person's appointment as  
 32 chief, the board shall, upon the expiration of the person's term as  
 33 the chief, appoint the person to the rank for which the person has  
 34 qualified under the promotion procedure, if there is a vacancy in  
 35 that rank.

36        **Sec. 30. (a)** Each member of the metropolitan law enforcement  
 37 agency has:

- 38            (1) the powers set forth in IC 36-8-3-6; and
- 39            (2) the powers set forth in IC 36-8-10-9 that are not set forth
- 40            in IC 36-8-3-6.

41        (b) A person who:

- 42            (1) refuses to be photographed;
- 43            (2) refuses to be fingerprinted;
- 44            (3) withholds information; or
- 45            (4) gives false information;

46        as prescribed in IC 36-8-10-9(a)(9), commits a Class C

1       misdemeanor.

2       (c) Members of the department who are not members of the  
3       metropolitan law enforcement agency have the powers:

4           (1) prescribed by the sheriff; or

5           (2) as set forth in this chapter.

6       Sec. 31. (a) Except for:

7           (1) the chief deputy;

8           (2) the prison matron; and

9           (3) temporary administrative ranks or positions established  
10          and appointed by the sheriff;

11       the sheriff, with the approval of the commission, shall establish a  
12       classification of ranks, grades, and positions for members of the  
13       metropolitan law enforcement agency.

14       (b) For each rank, grade, and position, the sheriff, with the  
15       approval of the board, shall:

16           (1) set reasonable standards of qualifications; and

17           (2) fix the prerequisites of:

18               (A) training;

19               (B) education; and

20               (C) experience.

21       (c) The sheriff, with the approval of the board, shall devise and  
22       administer examinations designed to test applicants for the  
23       qualifications required for the respective ranks, grades, or  
24       positions. After these examinations, the sheriff and the board shall  
25       jointly prepare a list naming only those applicants who, in the  
26       opinion of both the sheriff and the board, best meet the prescribed  
27       standards and prerequisites. The sheriff only appoints members of  
28       the metropolitan law enforcement agency from among the persons  
29       whose names appear on this list. All members appointed to the  
30       metropolitan law enforcement agency under this chapter are on  
31       probation for one (1) year after the date of appointment.

32       (d) The sheriff, in the sheriff's sole discretion, may:

33           (1) establish a temporary administrative rank or position  
34           within the agency; and

35           (2) appoint to and remove from a temporary administrative  
36           rank or position a member of the metropolitan law  
37           enforcement agency who meets the requirements in subsection

38           (e).

39       (e) Except as provided by section 16 of this chapter, a member  
40       who has served as a member of the agency at least five (5) years  
41       before the appointment and holds the merit rank of at least  
42       lieutenant is eligible for appointment to a temporary administrative  
43       rank or position described in subsection (d). A member retains the  
44       rank, grade, or position awarded under subsection (c) while serving  
45       in a temporary administrative rank or position. A temporary  
46       administrative rank or position established under subsection (d)

1 does not diminish or reduce the number and classifications of the  
 2 existing merit ranks within the metropolitan law enforcement  
 3 agency. Subsection (d) and this subsection may not be construed to  
 4 limit, modify, annul, or otherwise affect a collective bargaining  
 5 agreement.

6 (f) The sheriff, with the approval of the board, shall establish  
 7 written rules and regulations governing the discipline of members  
 8 of the metropolitan law enforcement agency. Rules and regulations  
 9 established by a sheriff under this subsection must conform to the  
 10 disciplinary procedure required by section 34 of this chapter.

11 Sec. 32. (a) Except as provided in subsection (b), the board shall  
 12 give a preference for employment according to the following  
 13 priority:

14 (1) A war veteran who has been honorably discharged from  
 15 the United States armed forces.

16 (2) A person whose mother or father was a:

17 (A) firefighter of a unit;

18 (B) municipal police officer;

19 (C) county police officer; or

20 (D) member of the metropolitan law enforcement agency;  
 21 who died in the line of duty (as defined in IC 5-10-10-2).

22 (b) A person described in subsection (a) may not receive a  
 23 preference for employment unless the person:

24 (1) applies; and

25 (2) meets all employment requirements prescribed by:

26 (A) law, including physical and age requirements; and

27 (B) the metropolitan law enforcement agency.

28 Sec. 33. (a) The sheriff may appoint as a special deputy any  
 29 person who is employed by:

30 (1) a governmental entity (as defined in IC 35-41-1); or

31 (2) a private employer;

32 if the nature of the employment necessitates that the person have  
 33 the powers of a law enforcement officer.

34 (b) During the term of a special deputy's appointment and while  
 35 the special deputy is fulfilling the specific responsibilities for which  
 36 the appointment is made, a special deputy has the powers,  
 37 privileges, and duties of a member of the metropolitan law  
 38 enforcement agency under this chapter, subject to any written  
 39 limitations and specific requirements imposed by the sheriff and  
 40 signed by the special deputy.

41 (c) A special deputy is subject to the direction of the sheriff and  
 42 shall obey the rules and orders of the department.

43 (d) A special deputy may be removed by the sheriff at any time,  
 44 without the sheriff providing notice or assigning any cause.

45 (e) The sheriff shall fix the prerequisites of training, education,  
 46 and experience for special deputies, subject to the minimum

requirements prescribed by this subsection. Applicants must:

- (1) be at least twenty-one (21) years of age;
- (2) never have been convicted of:
  - (A) a felony; or
  - (B) a misdemeanor involving moral turpitude;
- (3) be of good moral character; and
- (4) have sufficient training to insure the proper performance of their authorized duties.

(f) Except as provided in subsection (g), a special deputy shall wear a uniform the design and color of which is easily distinguishable from the uniforms of the Indiana state police, the metropolitan law enforcement agency, and all municipal police and fire forces located in the county.

(g) The sheriff may permit a special deputy to wear the uniform of the metropolitan law enforcement agency if the special deputy:

- (1) has successfully completed the minimum basic training requirements under IC 5-2-1;
- (2) is periodically assigned by the sheriff to duties of a member of the metropolitan law enforcement agency; and
- (3) is an employee of the metropolitan law enforcement agency.

The sheriff may revoke permission for the special deputy to wear the uniform of the metropolitan law enforcement agency at any time without cause or notice.

(h) The sheriff may also appoint one (1) legal deputy, who must be a member of the Indiana bar. The legal deputy does not have police powers. The legal deputy may continue to practice law. Neither the legal deputy nor any attorney in partnership with the legal deputy may represent a defendant in a criminal case.

(i) The sheriff, for the purpose of guarding prisoners in the county jail, shall appoint only special deputies to serve as county jail guards. This subsection does not affect the rights or liabilities accrued by any county police officer assigned to guard the jail before August 31, 1982.

Sec. 34. (a) The sheriff may dismiss, demote, or temporarily suspend a member of the metropolitan law enforcement agency for cause after giving the member written notice of the charges and after a fair public hearing before the board. The decision of the board is reviewable in the superior court of the county. Written notice of the charges and hearing must be delivered by certified mail to the member to be disciplined at least fourteen (14) days before the date set for the hearing. The member may be represented by counsel. The board shall make specific findings of fact in writing to support its decision.

(b) The sheriff may temporarily suspend a member with or without pay for a period not to exceed fifteen (15) days without a

1 hearing before the board. Before suspending a member under this  
 2 subsection, the sheriff shall give the member written notice of the  
 3 charges of misconduct.

4 (c) A member of the metropolitan law enforcement agency may  
 5 not be dismissed, demoted, or temporarily suspended because of  
 6 political affiliation nor after the member's probationary period,  
 7 except as provided in this section.

8 (d) A member of the metropolitan law enforcement agency may:

9 (1) be a candidate for elective office and serve in that office if  
 10 elected;

11 (2) be appointed to an office and serve in that office if  
 12 appointed; and

13 (3) except when in uniform or on duty, solicit votes or  
 14 campaign funds for the member or others.

15 (e) A member on probation may be dismissed by the sheriff  
 16 without the right to a hearing.

17 (f) The board has subpoena powers enforceable by the superior  
 18 court of the county for hearings under this section.

19 (g) An appeal under subsection (a) is taken by filing in court, not  
 20 later than thirty (30) days after the date the decision is rendered,  
 21 a verified complaint stating in a concise manner the general nature  
 22 of the charges against the member of the metropolitan law  
 23 enforcement agency, the decision of the board, and a demand for  
 24 the relief asserted by the member.

25 (h) The member must also file a bond that:

26 (1) guarantees the appeal will be prosecuted to a final  
 27 determination; and

28 (2) the plaintiff will pay all costs only if the court finds that the  
 29 board's decision should be affirmed.

30 The bond must be approved as bonds for costs are approved in  
 31 other cases.

32 (i) The county must be named as the sole defendant and the  
 33 plaintiff shall have a summons issued as in other cases against the  
 34 county. The:

35 (1) board;

36 (2) members of the board individually;

37 (3) commission; or

38 (4) members of the commission individually;

39 are not parties defendant to the complaint, but all are bound by  
 40 service upon the county and the judgment rendered by the court.

41 (j) The court tries all appeals. An appeal is heard de novo only  
 42 if there are new issues related to the charges upon which the board  
 43 based its decision. Within ten (10) days after the service of  
 44 summons, the board shall file in court a complete written transcript  
 45 of the papers, entries, and other parts of the record relating to the  
 46 case being appealed. The board, if requested to do so, must permit

1 the person affected, or the person's agent, to inspect these  
 2 documents before the appeal is filed. The court shall review the  
 3 record and decision of the board on appeal.

4 (k) The court shall make specific findings and state the  
 5 conclusions of law upon which its decision is made. If the court  
 6 finds that the decision of the board should in all respects be  
 7 affirmed, its judgment should state the court's finding. If the court  
 8 finds that the decision of the board should not, in all respects, be  
 9 affirmed, the court shall make a general finding, setting out  
 10 sufficient facts to show the nature of the proceeding and the court's  
 11 decision. The court shall either:

12 (1) reverse the decision of the board; or

13 (2) order the decision of the board to be modified.

14 (l) The final judgment of the court may be appealed by either  
 15 party. Upon the final disposition of the appeal by the courts, the  
 16 clerk shall certify to the board the final judgment of the court and  
 17 file a copy of the judgment with the board, which shall conform its  
 18 decisions and records to the order and judgment of the court. If the  
 19 decision is reversed or modified, the board shall pay to the  
 20 prevailing party any salary or wages:

21 (1) that were withheld from the party pending the appeal; and

22 (2) to which the party is entitled under the judgment of the  
 23 court.

24 (m) Either party is allowed a change of venue from the court or  
 25 a change of judge in the same manner as those changes are allowed  
 26 in civil cases. The rules of trial procedure govern in all matters of  
 27 procedure during the appeal that are not otherwise provided for by  
 28 this section.

29 (n) An appeal takes precedence over other pending litigation,  
 30 and the court shall try and determine the appeal as soon as  
 31 practical.

32 Sec. 35. (a) As used in this section, "appointing authority"  
 33 means the sheriff and the board.

34 (b) When it is necessary for financial reasons for the appointing  
 35 authority to reduce by layoff the number of members of the  
 36 metropolitan law enforcement agency, members are laid off in  
 37 reverse hiring order, with the last member appointed to the agency  
 38 being the first to be laid off, until the desired level of employment  
 39 is achieved.

40 (c) If the metropolitan law enforcement agency's membership is  
 41 increased, the members of the agency who have been laid off under  
 42 subsection (b) are reinstated before any new member is appointed  
 43 to the agency. Members are reinstated in reverse of the order in  
 44 which the members were laid off with the last member laid off from  
 45 the agency being the first to be reinstated.

46 (d) A member who is laid off shall keep the appointing authority

1 advised of the member's current address. The appointing authority  
 2 shall inform a member of the member's reinstatement by written  
 3 notice sent by certified mail to the member's last known address.

4 (e) Not later than twenty (20) calendar days after the date the  
 5 notice of reinstatement is sent under subsection (d), the member  
 6 shall advise the appointing authority whether the member:

- 7 (1) accepts reinstatement; and
- 8 (2) will commence employment on the date specified in the  
 9 notice.

10 (f) All reinstatement rights granted to a member under this  
 11 section terminate on the earlier of:

- 12 (1) the date the member fails to accept reinstatement within  
 13 the time specified in subsection (e); or
- 14 (2) three (3) years after the date on which a member's layoff  
 15 begins.

16 Sec. 36. (a) As used in this section, "care" includes:

- 17 (1) medical and surgical care;
- 18 (2) medicines and laboratory, curative, and palliative agents  
 19 and means;
- 20 (3) X-ray, diagnostic, and therapeutic service, including  
 21 service during the recovery period; and
- 22 (4) hospital and special nursing care if the physician or  
 23 surgeon in charge considers it necessary for proper recovery.

24 (b) After deducting expenditures paid by an insurance or  
 25 worker's compensation program, the county shall pay for the care  
 26 of the following persons:

- 27 (1) A member of the metropolitan law enforcement agency  
 28 who:

- 29 (A) suffers an injury; or
- 30 (B) contracts an illness;
- 31 while the member is on duty or while the member is off duty  
 32 and is responding to an offense or a reported offense.

- 33 (2) A jail employee who:

- 34 (A) suffers an injury; or
- 35 (B) contracts an illness;
- 36 while the employee is on duty.

37 (c) The county shall pay the expenditures required by subsection  
 38 (b) from the general fund of the county.

39 Sec. 37. (a) This section does not apply to a member of the  
 40 metropolitan law enforcement agency who is appointed after  
 41 December 31, 2005.

42 (b) Before January 1, 2006, the department shall amend the  
 43 pension trust established and operated under IC 36-8-10-12 to  
 44 provide that, effective January 1, 2006, the pension trust is  
 45 operated under this chapter. The department and the trustee may  
 46 not modify the pension trust under this section without the

1 approval of the city-county legislative body, which shall not reduce  
2 or diminish the benefits of the employee beneficiaries set forth in  
3 the pension trust.

4 (c) After December 31, 2005, the department and the trustee  
5 shall continue to operate in an actuarially sound manner the  
6 pension trust for the exclusive benefit of the employee beneficiaries.

7 Sec. 38. (a) The normal retirement age for an employee  
8 beneficiary may not be later than seventy (70) years of age.

9 (b) The sheriff may retire an employee beneficiary who is  
10 otherwise eligible for retirement if the board finds that the  
11 employee beneficiary is not physically or mentally capable of  
12 performing the employee beneficiary's duties.

13 (c) Contributions to the trust fund are made by:

14 (1) the department through:

15 (A) a general appropriation provided to the department;

16 (B) a line item appropriation directly to the trust fund; or

17 (C) both; and

18 (2) an employee beneficiary through authorized monthly  
19 deductions from the employee beneficiary's salary or wages.

20 The department may pay all or a part of the contribution for  
21 the employee beneficiary.

22 Contributions through an appropriation are not required for  
23 modifications adopted after June 30, 1989, unless the modification  
24 is approved by the city-county legislative body.

25 (d) The monthly deductions from an employee beneficiary's  
26 wages for the trust fund may not exceed seven percent (7%) of the  
27 employee beneficiary's average monthly wages.

28 (e) The department's minimum annual contribution must be  
29 sufficient, as determined by the pension engineers, so that the  
30 actuarial status of the trust fund does not deteriorate during that  
31 year. If the minimum contributions are not made for three (3)  
32 successive years, the pension trust terminates and the trust fund is  
33 liquidated.

34 (f) If all expenses of the pension trust are paid during  
35 liquidation, adequate provision must be made for continuing  
36 pension payments to retired employee beneficiaries. Each employee  
37 beneficiary is entitled to receive the net amount paid into the trust  
38 fund from the employee beneficiary's wages. Any remaining  
39 amount must be equitably divided among employee beneficiaries  
40 in proportion to the net amount each employee beneficiary paid  
41 into the trust fund from the employee beneficiary's wages.

42 (g) If a person is no longer an employee beneficiary because the  
43 person dies, becomes disabled, leaves employment with the  
44 department before retirement, retires, or is no longer an employee  
45 beneficiary for any other reason:

46 (1) the person;

1           (2) the person's beneficiary; or  
2           (3) the person's estate;  
3 is entitled to receive at least the net amount paid into the trust fund  
4 from the person's wages, either in a lump sum or in monthly  
5 installments not less than the amount the person is entitled to  
6 receive as a pension.

7           (h) If an employee beneficiary reaches the normal retirement  
8 age for the employee beneficiary, the employee beneficiary is  
9 entitled to receive during the employee beneficiary's lifetime a  
10 pension in a monthly amount calculated under subsections (i)  
11 through (m).

12           (i) To receive an unreduced pension amount, an employee  
13 beneficiary must have contributed at least twenty (20) years of  
14 service to the department before retirement. If the employee  
15 beneficiary's service to the department is less than twenty (20)  
16 years, the employee beneficiary is entitled to receive a pension  
17 proportional to the length of the employee beneficiary's service.

18           (j) For an employee beneficiary who retired before January 1,  
19 1985, a monthly pension may not exceed by more than twenty  
20 dollars (\$20) one-half (1/2) the amount of the average monthly  
21 wage received by the employee beneficiary during the highest paid  
22 five (5) years before retirement.

23           (k) For an employee beneficiary who retires after December 31,  
24 1984, the monthly pension described in subsection (j) may be  
25 increased by two percent (2%) of the employee beneficiary's  
26 average monthly wage for each year of service over twenty (20)  
27 years contributed by the employee beneficiary to a maximum of  
28 seventy-four percent (74%) of the employee beneficiary's average  
29 monthly wage plus twenty dollars (\$20).

30           (l) For purposes of determining the amount of an increase in the  
31 monthly pension under subsection (k) approved by the city-county  
32 legislative body for an employee beneficiary who retires after  
33 December 31, 1984, the city-county legislative body may determine  
34 that the employee beneficiary's years of service include the years of  
35 service with the department that occurred before the effective date  
36 of the pension trust.

37           (m) For an employee beneficiary who retires after June 30, 1996,  
38 the average monthly wage used to determine the employee  
39 beneficiary's pension benefits may not exceed the monthly  
40 minimum salary paid by the state to a full-time prosecuting  
41 attorney at the time the employee beneficiary retires.

42           (n) For an employee beneficiary who retires after June 30, 1997,  
43 an employee beneficiary's monthly pension may not exceed twenty  
44 dollars (\$20) plus one-half (1/2) the amount of the average monthly  
45 wage. As used in this subsection, "average monthly wage" means  
46 the lesser of:

1 (1) the average monthly wage received by the employee  
2 beneficiary during the highest paid three (3) years before  
3 retirement; or

4 (2) the monthly minimum salary that a full-time prosecuting  
5 attorney is entitled to be paid by the state at the time the  
6 employee beneficiary retires.

7 (o) For an employee beneficiary who retires after June 30, 1997,  
8 the county fiscal body may approve an increase in the maximum  
9 monthly pension described in subsection (n). The maximum  
10 monthly pension may:

11 (1) be increased by one percent (1%) of the average monthly  
12 wage for each six (6) months of service after twenty (20) years;  
13 and

14 (2) not exceed seventy-four percent (74%) of the average  
15 monthly wage plus twenty dollars (\$20).

16 (p) The trust fund may not be commingled with other funds,  
17 except as provided in this chapter, and may be invested only in  
18 accordance with statutes for investment of trust funds, including  
19 other investments that are specifically designated in the trust  
20 agreement.

21 (q) The trustee receives and holds as trustee all money paid to  
22 it as trustee by the department, the employee beneficiaries, or by  
23 other persons for the uses stated in the trust agreement.

24 (r) The trustee shall engage pension engineers to supervise and  
25 assist in the technical operation of the pension trust in order that  
26 there is no deterioration in the actuarial status of the trust fund.

27 (s) Not later than ninety (90) days after the close of each fiscal  
28 year, the trustee, with the aid of the pension engineers, shall  
29 prepare and file an annual report with the department and the  
30 state insurance department. The report must include the following:

31 (1) Schedule 1. Receipts and disbursements.

32 (2) Schedule 2. Assets of the pension trust listing investments  
33 by book value and current market value as of the end of the  
34 fiscal year.

35 (3) Schedule 3. List of terminations, showing the cause and  
36 amount of refund.

37 (4) Schedule 4. The application of actuarially computed  
38 "reserve factors" to the payroll data properly classified for  
39 the purpose of computing the reserve liability of the trust fund  
40 as of the end of the fiscal year.

41 (5) Schedule 5. The application of actuarially computed  
42 "current liability factors" to the payroll data properly  
43 classified for the purpose of computing the liability of the trust  
44 fund as of the end of the fiscal year.

45 (t) No part of the corpus or income of the trust fund may be  
46 used or diverted to any purpose other than the exclusive benefit of

1 the members and the beneficiaries of the members.

2       **Sec. 39.** This section applies to a sheriff who is an eligible  
3 employee under this chapter and is not a member of the 1977 fund.  
4 The sheriff may participate in the pension trust in the same manner  
5 as a county police officer who is an eligible employee under this  
6 chapter. In addition, a sheriff who does not participate in the  
7 pension trust may make a payment to the pension trust equal to the  
8 total contributions the sheriff would have paid had the sheriff been  
9 participating in the pension trust while a sheriff, plus interest at  
10 three percent (3%) compounded annually. A sheriff who makes  
11 this payment is entitled to credit for the years of service as sheriff  
12 for all purposes of the pension trust.

13       **Sec. 40. (a)** The department may establish and operate a death  
14 benefit program for the payment of death benefits to deceased  
15 employee beneficiaries. The department may provide these benefits  
16 by:

- 17           (1) creating a reserve account;
- 18           (2) obtaining group life insurance; or
- 19           (3) both subdivisions (1) and (2).

20 The department may not establish or modify a death benefit  
21 program without the approval of the city-county legislative body.

22       **(b)** Benefits payable under a group life insurance policy  
23 established under subsection (a) must be in reasonable amounts.  
24 Benefits payable from a reserve account established under  
25 subsection (a) may not exceed twenty-five thousand dollars  
26 (\$25,000).

27       **Sec. 41. (a)** The department may establish and operate a  
28 disability benefit program for the payment of disability expense  
29 reimbursement and pensions to disabled employee beneficiaries.  
30 The department may provide these benefits by:

- 31           (1) creating a reserve account;
- 32           (2) obtaining disability insurance coverage; or
- 33           (3) both subdivisions (1) and (2).

34 The department may not establish or modify a disability benefit  
35 program without the approval of the city-county legislative body.

36       **(b)** Benefits payable as a result of line of duty activities,  
37 including a disability presumed incurred in the line of duty under  
38 IC 5-10-13, must be in reasonable amounts. Monthly benefits  
39 payable as a result of other activities may not exceed the amount of  
40 the pension to which the employee beneficiary would have been  
41 entitled had the employee beneficiary been employed by the  
42 department until normal retirement age.

43       **Sec. 42. (a)** The department may establish and operate a  
44 dependent's pension benefit for the payment of pensions to  
45 dependent parents, surviving spouses, and dependent children less  
46 than eighteen (18) years of age of former employee beneficiaries.

1       The department may provide these benefits by:

- 2           (1) creating a reserve account;  
 3           (2) obtaining appropriate insurance coverage; or  
 4           (3) both subdivisions (1) and (2).

5       The department may not establish or modify a dependent's pension  
 6       benefit without the approval of the city-county legislative body,  
 7       which shall not reduce or diminish any dependent's pension  
 8       benefits that were in effect on January 1, 1989.

9       (b) This subsection applies to survivors of employee beneficiaries  
 10      who:

- 11           (1) died before January 1, 1990; and  
 12           (2) were covered by a dependent's pension benefit plan.

13      The maximum monthly pension payable to dependent parents or  
 14      surviving spouses may not exceed two hundred dollars (\$200) per  
 15      month during the parent's or the spouse's lifetime if the spouse did  
 16      not remarry before September 1, 1984. If the surviving spouse  
 17      remarried before September 1, 1984, benefits ceased on the date of  
 18      remarriage. The maximum monthly pension payable to dependent  
 19      children is thirty dollars (\$30) per child and ceases with the last  
 20      payment before the child becomes eighteen (18) years of age. The  
 21      county fiscal body may by ordinance provide an increase in the  
 22      monthly pension of survivors, but the monthly pension that is  
 23      provided under this subsection may not exceed the monthly pension  
 24      that is provided to survivors whose monthly pensions are  
 25      determined under subsection (c).

26      (c) This subsection applies to survivors of employee beneficiaries  
 27      who:

- 28           (1) died after December 31, 1989; and  
 29           (2) were covered by a dependent's pension benefit plan.

30      The monthly pension payable to dependent parents or surviving  
 31      spouses must be at least two hundred dollars (\$200) for each month  
 32      during the parent's or the spouse's lifetime or until the spouse  
 33      remarries. The monthly pension payable to each dependent child  
 34      must be at least thirty dollars (\$30) for each child and ceases with  
 35      the last payment made in the month before the child becomes  
 36      eighteen (18) years of age.

37      (d) To be eligible for a benefit under this section, the surviving  
 38      spouse of an employee beneficiary who dies after August 31, 1984,  
 39      must have been married to the employee beneficiary at the time of  
 40      the employee beneficiary's retirement or death in service.

41      Sec. 43. (a) The city-county legislative body may provide to  
 42      eligible retired employee beneficiaries or eligible disabled employee  
 43      beneficiaries, or both:

- 44           (1) an annual cost of living payment; or  
 45           (2) an ad hoc cost of living payment. The amount of the ad hoc  
 46           cost of living payment under this subdivision is not an increase

1 in the base pension benefit calculated under section 38 of this  
2 chapter.

3 (b) In the case of an annual cost of living payment granted  
4 under subsection (a)(1), the pension engineers shall determine each  
5 year the amount of the payment under this subsection. The pension  
6 engineers shall determine if there has been an increase in the  
7 Consumer Price Index (United States city average) prepared by the  
8 United States Department of Labor by comparing the arithmetic  
9 mean of the Consumer Price Index for January, February, and  
10 March of the payment year with the same three (3) month period  
11 of the preceding year. If there has been an increase, the increase is  
12 stated as a percentage of the arithmetic mean for the three (3)  
13 month period for the year preceding the payment year (the  
14 adjustment percentage). The adjustment percentage is rounded to  
15 the nearest one-tenth of one percent (0.1%) and may not exceed  
16 three percent (3%).

17 (c) In the case of a cost of living payment granted under  
18 subsection (a)(2), the amount of the cost of living payment is  
19 determined by the city-county legislative body and may be:

20 (1) a percentage increase, not to exceed the percentage  
21 determined under subsection (b); or

22 (2) a fixed dollar amount.

23 (d) A payment authorized under this section is made to each  
24 authorized retired or disabled employee beneficiary and may be  
25 made annually, semiannually, quarterly, or monthly.

26 (e) A cost of living payment granted under this section must be  
27 funded by a direct appropriation or by maintaining a fully funded  
28 actuarially sound trust fund.

29 (f) A cost of living payment granted under this section is  
30 applicable only to retired or disabled employee beneficiaries who  
31 are at least fifty-five (55) years of age.

32 (g) No provision of this section may be part of an ordinance or  
33 agreement concerning collective bargaining. No provision of this  
34 section may be subject to bargaining under any statute, ordinance,  
35 or agreement.

36 Sec. 44. (a) As used in this section, "dies in the line of duty" has  
37 the meaning set forth in IC 5-10-10-2.

38 (b) This section applies to the survivors of an eligible employee  
39 who dies in the line of duty.

40 (c) The department shall offer to provide and pay for health  
41 insurance coverage for the eligible employee's surviving spouse and  
42 for each natural child, stepchild, or adopted child of the eligible  
43 employee:

44 (1) until the child becomes eighteen (18) years of age;

45 (2) until the child becomes twenty-three (23) years of age, if  
46 the child is enrolled in and regularly attending a secondary

1 school or is a full-time student at an accredited college or  
2 university; or

3 (3) during the entire period of the child's physical or mental  
4 disability;

5 whichever period is longest. If health insurance coverage is offered  
6 by the county to an eligible employee, the health insurance  
7 provided to a surviving spouse or child under this subsection must  
8 be equal in coverage to that offered to an eligible employee. The  
9 offer to provide and pay for health insurance coverage must  
10 remain open for as long as there is a surviving spouse or as long as  
11 a natural child, a stepchild, or an adopted child of the eligible  
12 employee is eligible for coverage under subdivision (1), (2), or (3).

13 Sec. 45. (a) The death benefit, the disability benefit, and the  
14 dependents' pension may be operated as one (1) fund, known as the  
15 police benefit fund, under the terms of a supplementary trust  
16 agreement between the department and the trustee for the  
17 exclusive benefit of employee beneficiaries and their dependents.

18 (b) The trustee receives and holds as trustee for the uses and  
19 purposes set out in the supplementary trust agreement all money  
20 paid to it as trustee by the department or by other persons.

21 (c) The trustee may, under the terms of the supplementary trust  
22 agreement, pay the necessary premiums for insurance, pay  
23 benefits, or pay both as provided by this chapter.

24 (d) The trustee shall hold, invest, and reinvest the police benefit  
25 fund in investments that are permitted by statute for the  
26 investment of trust funds and other investments that are  
27 specifically designated in the supplementary trust agreement.

28 (e) Within ninety (90) days after the close of the fiscal year, the  
29 trustee, with the assistance of the pension engineers, shall prepare  
30 and file with the department and the state insurance department a  
31 detailed annual report showing receipts, disbursements, and case  
32 histories, and making recommendations regarding the necessary  
33 contributions required to keep the program in operation.

34 Contributions by:

35 (1) the county police force before January 1, 2006; and

36 (2) the metropolitan law enforcement agency after December  
37 31, 2005;

38 are provided in the general appropriations to the department.  
39 However, these contributions are not required for modifications  
40 made after January 1, 1989, unless the modifications were  
41 approved by the city-county legislative body.

42 Sec. 46. (a) A person entitled to an interest in or a share of a  
43 pension or benefit from the trust funds may not, before the actual  
44 payment:

45 (1) anticipate;

46 (2) sell;

1           (3) assign;  
 2           (4) pledge;  
 3           (5) mortgage; or  
 4           (6) otherwise dispose of or encumber;  
 5 the person's interest or share.

6           (b) In addition, a person's interest, share, pension, or benefit is  
 7 not, before the actual payment:

- 8           (1) liable for the debts or liabilities of the person;  
 9           (2) subject to attachment, garnishment, levy, or sale on  
 10 judicial proceedings; or  
 11           (3) transferable, voluntarily or involuntarily.

12           (c) The trustee may expend the sums from the funds that the  
 13 trustee considers proper for necessary expenses.

14           Sec. 47. (a) The state examiner of the state board of accounts  
 15 shall fix the exact amount per meal that the sheriff receives for  
 16 feeding the prisoners in the sheriff's custody. Subject to the  
 17 maximum meal allowance provided in this section, the state  
 18 examiner shall increase the amount per meal that the sheriff  
 19 receives as follows:

- 20           (1) Increase the amount per meal by a percentage that does  
 21 not exceed the percent of increase in the United States  
 22 Department of Labor Consumer Price Index during the year  
 23 preceding the year in which an increase is established.  
 24           (2) Increase the amount per meal above the amount  
 25 determined under subdivision (1) if the sheriff furnishes to the  
 26 state examiner sufficient documentation to prove that the  
 27 sheriff cannot provide meals at the amount per meal that is  
 28 determined under subdivision (1).

29           The amount must be fixed by April 15 each year and takes effect  
 30 immediately upon approval. The allowance may not exceed two  
 31 dollars (\$2) per person per meal. The allowance shall be paid out  
 32 of the general fund of the county after the sheriff submits to the  
 33 mayor an itemized statement, under oath, showing the names of the  
 34 prisoners, the date that each was imprisoned in the county jail, and  
 35 the number of meals served to each prisoner.

36           (b) Notwithstanding subsection (a), IC 36-2-13-2.5(b)(4) through  
 37 IC 36-2-13-2.5(b)(5), and IC 36-2-13-2.8(b), the county shall pay to  
 38 feed the county prisoners through an appropriation in the usual  
 39 manner by the city-county legislative body. The appropriation shall  
 40 be expended by the sheriff under the direction of the mayor.  
 41 Neither the sheriff nor the sheriff's officers, deputies, or employees  
 42 may make a profit as a result of the appropriation.

43           Sec. 48. (a) A jail commissary fund is established, referred to in  
 44 this section as "the fund". The fund is separate from the general  
 45 fund, and money in the fund does not revert to the general fund.

46           (b) The sheriff, or the sheriff's designee, shall deposit all money

1 from commissary sales into the fund, which the sheriff shall keep  
2 in a depository designated under IC 5-13-8.

3 (c) The sheriff, or the sheriff's designee, at the sheriff's  
4 discretion and without appropriation by the city-county legislative  
5 body, may disburse money from the fund for:

6 (1) merchandise for resale to inmates through the  
7 commissary;

8 (2) expenses of operating the commissary, including, but not  
9 limited to, facilities and personnel;

10 (3) special training in law enforcement for employees of the  
11 department;

12 (4) equipment installed in the county jail;

13 (5) equipment, including vehicles and computers, computer  
14 software, communication devices, office machinery and  
15 furnishings, cameras and photographic equipment, animals,  
16 animal training, holding and feeding equipment and supplies,  
17 or attire used by a member of the metropolitan law  
18 enforcement agency in the course of the member's official  
19 duties;

20 (6) an activity provided to maintain order and discipline  
21 among the inmates of the county jail;

22 (7) an activity or program of the department intended to  
23 reduce or prevent occurrences of criminal activity, including  
24 the following:

25 (A) substance abuse;

26 (B) child abuse;

27 (C) domestic violence;

28 (D) drinking and driving; and

29 (E) juvenile delinquency;

30 (8) expenses related to the establishment, operation, or  
31 maintenance of the sex offender web site under  
32 IC 36-2-13-5.5; or

33 (9) any other purpose that benefits the department that is  
34 mutually agreed upon by the city-county legislative body and  
35 the sheriff.

36 Money disbursed from the fund under this subsection must be  
37 supplemental or in addition to, rather than a replacement for,  
38 regular appropriations made to carry out the purposes listed in  
39 subdivisions (1) through (8).

40 (d) The sheriff shall maintain a record of the fund's receipts and  
41 disbursements. The state board of accounts shall prescribe the  
42 form for this record. The sheriff shall semiannually provide a copy  
43 of this record of receipts and disbursements to the city-county  
44 legislative body. The semiannual reports are due on July 1 and  
45 December 31 of each year.

46 Sec. 49. (a) The sheriff shall hold in trust separately for each

1 inmate any money received from that inmate or from another  
2 person on behalf of that inmate.

3 (b) If the inmate or the inmate's legal guardian requests a  
4 disbursement from the inmate's trust fund, the sheriff may make  
5 a disbursement for the personal benefit of the inmate, including a  
6 disbursement to the county jail commissary.

7 (c) Upon discharge or release of an inmate from the county jail,  
8 the sheriff shall pay to that inmate or the inmate's legal guardian  
9 any balance remaining in the inmate's trust fund.

10 (d) If an inmate is found guilty of intentionally destroying or  
11 losing county property after a hearing conducted under  
12 IC 11-11-5-5, the sheriff may disburse from the inmate's trust fund  
13 or commissary account sums of money as reimbursement to the  
14 county for the inmate's intentional destruction or loss of county  
15 property, including but not limited to clothing, bedding, and other  
16 nondisposable items issued by the county to the inmate. Before  
17 disbursing money under this subsection, the sheriff shall adopt  
18 rules to administer this procedure.

19 (e) The sheriff shall maintain a record of each trust fund's  
20 receipts and disbursements. The state board of accounts shall  
21 prescribe the form for this record.

44 "SECTION 34. [EFFECTIVE JULY 1, 2005] **The general**  
45 **assembly finds the following:**

46 **(1) A consolidated city faces unique budget challenges due to**  
47 **a high demand for services combined with the large number**

1 of tax exempt properties located in a consolidated city as the  
2 seat of state government, home to several institutions of higher  
3 education, and home to numerous national, state, and regional  
4 nonprofit corporations.

5 (2) By virtue of its size and population density, a consolidated  
6 city has unique overlapping territories of county, city, and  
7 township government and an absence of unincorporated areas  
8 within its county.

9 (3) By virtue of its size, population, and absence of  
10 unincorporated areas, development extends to and across the  
11 boundaries of the contiguous governmental territories located  
12 within a county having a consolidated city, thus giving less  
13 meaning to boundaries of the governmental territories located  
14 within the county.

15 (4) By virtue of its size, population, absence of unincorporated  
16 areas, overlapping territories, and development to and across  
17 the boundaries of contiguous governmental territories, there  
18 is less need for differentiation of local governmental services  
19 within the separate governmental territories located within a  
20 county having a consolidated city, but rather the local  
21 governmental service needs are similar and more uniform  
22 within and across a county having a consolidated city.

23 (5) The provision of local governmental services by multiple  
24 governmental entities with overlapping territories, and by  
25 governmental entities with contiguous territories with less  
26 meaningful boundaries, results in disparate levels of local  
27 government services within a county having a consolidated  
28 city and results in the inefficient and poor use of taxpayer  
29 dollars.

30 (6) As the state capital and a center for professional sporting  
31 events, tourism, and culture in central Indiana, the  
32 consolidated city faces unique demands for protecting  
33 governmental property and securing the safety of large  
34 numbers of residents and visitors, which require innovative  
35 approaches to public safety resources.

36 (7) If public safety resources are consolidated, residual  
37 services provided by townships are limited and can more  
38 effectively and uniformly be performed through consolidation  
39 at the city or county level.

40 (8) By virtue of its size and population patterns, township  
41 assistance needs in a consolidated city are greatest in its urban  
42 center and differ from the township assistance needs outside  
43 the urban center, and the lesser township assistance services  
44 outside the urban center can be more effectively and  
45 uniformly delivered through a consolidated district.

46 (9) By virtue of its size and population, a consolidated city has

1 a larger number of public safety employees than other  
 2 municipalities resulting in more significant pension  
 3 obligations, and through consolidation of public safety  
 4 resources, there is greater need for coordinated fiscal  
 5 oversight of pension funding.

6 (10) Substantial operational efficiencies, reduction of  
 7 administrative costs, and economies of scale may be obtained  
 8 in a consolidated city through further consolidation of county,  
 9 city, and township services and operations.

10 (11) Consolidation of county, city, and township services and  
 11 operations in the consolidated city will serve the public  
 12 purpose by allowing the consolidated city to:

13 (A) eliminate duplicative services;

14 (B) provide better coordinated and more uniform delivery  
 15 of local governmental services;

16 (C) provide uniform oversight and accountability for the  
 17 budgets for local governmental services;

18 (D) provide uniform oversight of pension funds for public  
 19 safety employees;

20 (E) simplify the system of property taxation;

21 (F) provide more unified tax rates; and

22 (G) allow local government services to be provided more  
 23 efficiently and at a lower cost than without consolidation.

24 (12) Efficient and fiscally responsible operation of local  
 25 government benefits the health and welfare of the citizens of  
 26 a consolidated city and is of public utility and benefit.

27 (13) The public purpose of this act is to provide a consolidated  
 28 city with the means to perform essential governmental  
 29 services for its citizens in an effective, efficient, and fiscally  
 30 responsible manner.

31 SECTION 35. [EFFECTIVE JANUARY 1, 2007] For property

 41 IC 6-1.1-18.5-7. For property taxes first due and payable in 2007,  
 42 the maximum permissible ad valorem property tax limits and any  
 43 other limits on ad valorem property taxes set forth in IC 6-1.1-18.5

(2) a consolidated township district shall be based upon sixty-five percent (65%) of the amount levied in 2006 for township assistance, including reasonable administrative costs, by each township located in a county having a consolidated city, other than the central township district in a county having a consolidated city.
